PURPOSE

MSM Training Group is committed to providing quality training and assessment in accordance with Standards for Registered Training Organisations (RTOs) 2015. This policy provides the framework and general principles for issuing certification documentation in MSM Training Group.

MSM Training Group issues and maintains AQF certification documentation and provides access to those documents to students in accordance with the Australian Skills Quality Authority and Standard 3 of Standards for Registered Training Organisations (RTOs) 2015.

This policy outlines MSM Training Group's policy principles and procedure when issuing only AQF qualifications and statements of attainment that meet the requirement of the AQF Implementation Handbook, endorsed training packages and accredited courses within its scope of registration.

SCOPE

MSM Training Group is committed to ensuring AQF qualifications and statements of attainment are issued in accordance with the requirements of the Standards for Registered Training Organisations (RTOs) 2015, and the endorsed training packages and VET accredited courses within its scope of registration.

As such, MSM Training Group ensures that:

1. AQF qualifications and statements of attainment issued by the RTO are within its scope of registration and that they certify the achievement of qualifications or industry competency standards from nationally endorsed training packages or VET accredited courses.
2. AQF qualification documentation will be issued directly to the learner who, it has assessed as meeting the requirements of the training product as specified in the relevant training package or VET accredited course, and not to another party such as an employer.
3. A clear distinction can be made between AQF certification documents and non-AQF certification issued.

POLICY PRINCIPLES

Issuing Certification Policy

MSM Training Group issues certification in accordance with Schedule 5 of Standards for Registered Training Organisations (RTOs) 2015. MSM Training Group only issues qualifications and statements of attainment to those students who meet the required outcomes of a qualification, accredited course, unit of competency or module, as specified in the relevant training package or VET accredited course.

MSM Training Group will ensure the security of student identifiers and all related documentation under its control, including information stored in its student management systems. The Unique Student Identifier (USI) must NOT be included on the testamur, consistent with the Student Identifier Act 2014.

MSM Training Group using the Student Management System will:

1. maintain a register of all AQF qualifications issued;
2. retain records of all AQF certification documentation for a period of 30 years; and
3. provides report of records of qualifications issued to the VET Regulator on a regular basis as requested by the VET regulator.

MSM Training Group issues AQF certification documentation to students within 30 calendar days of the student being assessed as meeting the requirements of the training package or VET accredited course:

1. if the training program in which the student is enrolled in is complete; and
2. providing all agreed fees that the student owes to MSM Training Group have been paid.

AQF certification documentation will only be issued once the student has settled all their obligations with MSM Training Group, such as outstanding fees. However, completion status and qualification issuance must be reported within 30 days from the date the student is deemed competent.

AQF certification documentation will not be issued to the student without MSM Training Group being in receipt of the verified Unique Student Identifier (USI) for that student, unless an exemption applies, as per the requirements of the Student Identifier Act 2014.

If an exception applies, in accordance with Standards for Registered Training Organisations (RTOs) 2015, MSM Training Group will inform the student prior to either the completion of the enrolment or commencement of training and assessment, whichever comes first, that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar.

Verified Unique Student Identifier (USI)

MSM Training Group requires all VET learners to supply a USI verified by the Commonwealth Registrar before any certification documentation can be issued. Only official USI identifiers are used, which may be verified here: <https://portal.usi.gov.au/org/>.

Exemptions to the USI requirements may apply to international learners studying offshore and outside of Australia.

Any learner who requests exemption from the USI shall be notified that any completion results and records will not be available through the Commonwealth Registrar.

Student's USIs are subject to privacy requirements.
